

# Aptos Branch Library Grand Opening

## Key Stakeholder

### Jared Bogaard

*President*

*Bogard Construction*

Jared is involved in all phases of construction - from business development, budget forecasting and preconstruction services, through contract negotiations, insurance coordination, project management and closeout. Jared is an expert in cost estimating and project budgeting, from concept through bidding. He also manages all aspects of construction projects from initial planning, value engineering, budgeting and plan reviews through occupancy.

During the construction phase, he oversees scheduling, cost control, contract administration, document interpretation and change order negotiation. His experience and focus is vital in maintaining Bogard Construction's reputation for delivering projects on-schedule, within budget, and with the highest of quality.

#### Quote/Statement

“The Aptos library will be a tremendous asset for the community for many years to come. Bogard Construction is honored to have partnered with the County of Santa Cruz for this project, as it is a true example of how successful design/build deliveries can be on public projects. Our partnership with ABA Architects was a resounding success, and we are proud of our entire design and subcontractor team members. We are profoundly grateful to the representatives of the County for their unwavering commitment to this project. This is one we can all be proud of.”
